

## Wet & Dry Vacuum Cleaner

### KÄRCHER NT 65/2 Eco Tc

The NT 65/2 Eco TC is a powerful wet and dry vacuum cleaner with an exclusive Power Filter Clean system for constant high suction power and long periods of uninterrupted operation.

This unit features a compact fan housing with a separate filter cover for easy access to the large flat pleated PES filter. The filter is cleaned efficiently with the aid of the Power Filter Clean function (air pulses activated via remote control lever) to ensure high suction power at all times, longer periods of uninterrupted operation and a long filter life.

The NT 65/2 Eco TC is equipped with an electronic level monitor, which shuts off suction when maximum capacity is reached during wet pick-up to prevent overflow. A tilting facility enables the robust plastic container to be emptied without causing backache. After wet pick-up, the container can also be emptied by means of the built-in oil-resistant drain hose. The clip system ensures simple and quick accessory changes. There are on-board holders for the hose and accessories as well as a large tray-like surface on top of the unit for parking tools.

Two large wheels and two castors, one with brake, make the NT 65/2 Eco TC highly mobile.

#### STANDARD ACCESSORIES

- Auto shutdown when max. level is reached
- Bumper bar
- Caster with brake
- Crevice tool
- Drain hose (oil resistant)
- Eco filter system
- Filter bag-Paper
- Flat pleated filter PES
- Maintenance-free suction fans, 2
- Metal suction tubes, 2 x 0.5 m
- Power Filter Clean
- Push handle
- Safety class II
- Suction hose 4 m with module and bend
- Tilting chassis
- Wet and dry floor tool 360 mm

**Part no. 1.667-141.0**

#### TECHNICAL SPECIFICATIONS

Air flow rate	2 x 56 l/s
Container capacity	65 l
Dimensions (L x W x H)	690 x 520 x 1000 mm
Frequency	50-60 Hz
Inside dia standard	40
Length of cord access.	10 m
Motor rating	Max. 2750 W
Sound pressure level	74 dB
Vacuum	235/23,5 mbar/kPa
Voltage	220-240 V
Weight	26 kg
